## **DETAILED ACTION**

### ***Election/Restrictions***

Claim 36-67 stand withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention/species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 3/14/06

### ***Claim Rejections - 35 USC § 103***

Claims 1-35 stand rejected under 35 U.S.C. 103(a) as being unpatentable over KODAMA et al 5747579 and VAN VORIS et al 5801194 in view of KNUDSON 4849006 and H-ackhs..

. The rejection of record is maintained

Claim 1, 2, 4-17, 19, 23 stand provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-20 of copending Application No. 10/816095. Although the conflicting claims are not identical, they are not patentably distinct from each other because The rejection of record is maintained.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

Applicant's arguments filed 3/14/06 have been fully considered but they are not persuasive. Applicant's arguments are that KODAMA is applied to soil, while applicant "associates" not further defined in claim 1, the composition with structure-so does KODAMA -see col 1, lines 32-42. KODAMA applies in association with a structure, house, to be protected in combination, the references are seen as providing a basis for improved pest control using the -----forms, as known pesticide carriers in the polymer base.

The rejection of DITTMAR alone is withdrawn in consideration of applicant's arguments.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

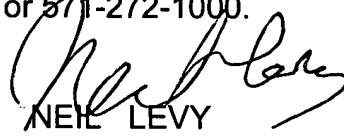

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
